## 24-Year Old County Youth Is Given 2-4 Year Sentence In Prison For Stealing Checks

Richard Samuel Kuhn, 24, near Mummaburg, who admitted stealing two of his brother's pay checks from his mother's mailbox, and then forging the brother's name on two occasions, was sentenced to from two to four years in the Eastern Penitentiary by the Adams county court. He was also fined \$5 and ordered to pay the costs.

Kuhn told the court that he moved away from his home after he took the first check "because his brothers were picking on him" for not working. Later, he said, he returned home while the others were away and took the second check from the mailbox.

Dorsey A. Shultz, Orrtanna R. D., was sentenced to pay fines totaling \$500 on charges of having liquor without a state seal, possessing liquor illegally and illegal sale of liquor. A representative of the state liquor control board told the court he had gone to Shultz's fruit stand near Cashtown, and asked where he could get a drink. Shultz at first said he could not sell him any, but offered to give him a cup of hard cider. After drinking the cider, the liquor control agent said he purchased a jug of hard cider.

Following the arrest, the agent said, he found a full barrel of hard cider in the cellar of the Shultz home and part of a barrel in a cave on the Shultz property and a 40-ounce bottle of Canadian whiskey with neither a U. S. nor a Pennsylvania tax stamp on it, in the Shultz home. Shultz said that the Canadian whiskey was his wife's and was used for medicinal purposes and that the barrel of hard cider was not hard cider, but peach wine. The liquor control agent said he made his investigation on complaint of a number of women in the Cashtown area, who said "their husbands and sons were coming home drunk and wild. They said the men didn't get as mean on beer as they did on hard cider."

**Gets Year In Jail**  
Sentencing of Shultz left the matter of disposition of the hard cider, "peach wine" and whiskey still undecided. The State Liquor Control agent was asked to present an application to the court for disposition of the beverages.

Richard Earl Cullison, Orrtanna R. 2, who had pleaded guilty to a charge of driving after suspension, was given a suspended sentence, placed on probation for one year and ordered to pay \$150 for use of the county and the costs.

Robert L. Helwig, Gettysburg R. 1, who had been found guilty of driving after suspension following a jury trial, was sentenced to one year in the Adams county court and ordered to pay the costs. The sentence was retroactive to August 27 and Helwig may apply for a parole after 30 days. Judge W. C. Sheely told Helwig that "the court was convinced at the time of the trial that the defendant's story was a bare-faced lie."

**Statements Are Refuted**  
Helwig had told the jury a lengthy story of how a number of persons had driven him to various places on the day of his arrest and of how a man from Baltimore, who looked like him, was driving his motorcycle on the day of arrest. At the sentencing District Attorney Daniel A. Teeter said he had contacted the various men named by Helwig and found that none of them had performed the acts Helwig related. The man Helwig claimed had driven his motorcycle the date of arrest was in Baltimore on that day, the district attorney said.

Albin N. Duvall, Westminster R. 7, charged with hit and run, was given a suspended sentence on condition he pay \$100 for use of the county and the costs.

John Hoover Farley and John Elmer Hilliard, both of Hanover R. 2, charged with burglary and larceny in a bowling alley in Midway and Finkboner's service station in Gettysburg, were each sentenced to four to eight months in the county jail and ordered to make restitution and pay the costs.

**Concurrent Sentences**  
Since both Farley and Hilliard were appearing on two charges, the same sentence of four to eight months was given in each charge, both to run concurrently and to date from August 25.

Earl L. Jacoby, Gettysburg R. 3, was ordered to pay the costs in a morals case, ordered to pay the lying-in expenses and \$5 per week for the support of the child from June 22 and to post \$500 on his own recognizance to comply with the order.

## AUTHORS WILL GIVE BOOKS AT FAIR EXHIBIT

Arrangements have been completed by the Adams County Free library for an exhibit at the South Mountain fair. In addition to a display of recent fiction, "Red Wing," the bookmobile which visits all county schools monthly during the school year, is to be on display, together with recently purchased juvenile books.

Attendants will be available to enroll county residents as library members. Free use of library books and facilities is available to all county residents by merely signing a library registration card.

**To Autograph Books**  
To stimulate use of library facilities, arrangements have been made with local authors to present each day of the fair an autographed copy of one of their publications. A daily drawing will be made of all registrants at the library display, with the fortunate visitor receiving an author's autographed book. Authors who have donated their books for these drawings include: Mrs. Elsie Singmaster Lewars, Dr. Robert Fortenbaugh, Paul L. Roy, Leighton C. Taylor and Allene Saeger De Chant. Visitors at the fair are invited to visit the library display and to become better acquainted with the year-round program maintained by this county-wide supported organization.

Three of the accidents were on Saturday. Police said cars operated by Mamie Lindauer, 63, of Woodlawn, Md., and Amos C. The recent investigation of the Reconstruction Finance Corporation has caused a good many people to wonder why the government should be in the banking and lending business at all. And it's high time we started thinking about that.

As James E. Shelton, president of the American Bankers Association, recently said, "Banking and the credit furnished by it are a vital and constructive part of our economy. The banks of this country have a big, a necessary, and a vital job to do in financing the preparedness program and in supporting a sound domestic economy. The banks are ready, able, and willing to do the job. They were never in a better position to do it."

Furthermore, as everyone (Please Turn to Page 6)

## LOCAL FAMILY "AMAZED" OVER RECOVERY IN FOREIGN LANDS

Attorney and Mrs. Richard A. Brown and children, Tony and Virginia, Fairfield road, have returned from a three months' tour of Europe "amazed" at the tremendous improvement in the European scene.

For Attorney Brown, who visited parts of Europe in 1947 with Attorney Donald M. Swope, the comparisons were particularly vivid.

One Belgium community which, when he visited it in 1947, was still 95 percent destroyed by World War II bombing, "is now about 95 percent rebuilt," Attorney Brown said today. "And the same conditions are holding true—although not to such a large extent—throughout Europe."

The European nations which seemed war-weary and poverty stricken in 1947 "now give every evidence of obvious prosperity. Hundreds of huge housing projects are being completed. In the cities the rubble has been removed and new structures are being constructed on a huge scale."

**Italy's Progress Is Slow**  
"Italy alone seems still stricken by poverty—while all other nations seem to be experiencing a wave of prosperity. Of course our observations are from what appears on the surface—but looking at Europe as a tourist and comparing the scene of today with that of 1947—Europe is making great strides toward rebuilding. And West Germany is amazing. Frankly, I was dumbfounded at the speed with which that which was destroyed has been replaced. Of course, there is still much that remains destroyed—but the amazing thing is that so much has been restored."

During their tour through nine countries, France, Switzerland, Italy, Austria, Germany, Luxembourg, Belgium, the United Kingdom and Ireland, the Browns found in visiting friends there and in talking to the people along the way little evidence of nervous tension.

The people seem more interested in rebuilding than in politics or in dreading the possibility of another war, Brown said.

**Expected Rioting**  
In Paris, during the election in France, the local attorney went to the office of the newspaper Figaro. There, with hundreds of Frenchmen, he watched the election returns as spelled out on an electric signboard.

"I was amazed once more," Brown said. "Everything was very orderly and quiet. I had expected to see rioting, policemen riding into mobs. Instead you couldn't tell who was a Communist and who wasn't. The group just stood around like people do here, watching the returns and quietly talking with friends to while away the time."

Attorney Brown and his son, Tony, did meet with some "real live Communists," however, upon their return to the U. S. Russian Deputy Foreign Minister Gromyko and his staff were on the same ship with the Browns. The attorney and his son, swimming daily in the ship's swimming pool, came to know several (Continued on Page 6)

## RECORDS SHOW AUGUST DRIEST IN SEVEN YEARS

The light showers over the weekend that so far have totaled less than a quarter inch brought little relief after the driest August experienced here in seven years.

Last month's rainfall totaled 1.82 inches, far short of the normal 4.01 inches. It was the driest August here since 1944 when the month's total was only 1.21 inches.

Most of August's rain fell in one hour Sunday afternoon, August 12 during a heavy electrical storm—too fast for most of it to soak in and relieve an already serious water shortage.

**Eight Days In 90's**  
The month began and ended with the temperature in the 90's but the average temperature for the 31-day period was within four hundredths of a degree of mathematical normal. The month's average daily reading was 74.44 degrees. Eight days saw the mercury go to or above the 90-degree mark. The hottest day was August 10 at 95 degrees and the coldest was August 6 when the low reading was 47 degrees, only 15 degrees above freezing.

The average daily high reading was 84.4 degrees and the daily low readings averaged 60.48 degrees. Measurable amounts of rain fell on only five days last month.

**Arendtsville Figures**  
At the Arendtsville weather station, the average temperature was 71.64 degrees, which was 1.72 degrees below average and a half degree below the average for August of last year. The hottest day was August 1 when the high reading there was 94 degrees and the low was on August 6 at 43 degrees.

The rainfall total at Arendtsville was 2.34 inches which was 1.53 degrees below normal but 0.65 inches above the total for the same month last year. The accumulated rainfall for the first eight months this year there is 0.75 inches above average.

## U.S. Seeks Support Of 48 Nations To Block Reds At Peace Signing

San Francisco, Sept. 3 (AP)—The United States sought firm support from 48 nations today for a set of tough rules designed to prevent Russia from blocking the signing of a Japanese peace treaty.

The rules would limit debate and prevent treaty amendments. Their adoption is the key to American strategy for assuring success of the treaty conference, opening here tomorrow night with an address by President Truman. Red bloc countries are expected to protest the rules violently.

The Soviet deputy foreign minister, Andrei Gromyko, isolated himself in a suburban mansion with his 38-member mission and said nothing.

Western diplomats had no clues to his strategy or intentions. Debate will begin Wednesday.

**May Sign Saturday**  
The main problem will be how to shut off debate and bring the delegates to an expected favorable vote if the Russian, Polish and Czech delegations attempt a filibuster. The signing was scheduled for Saturday.

Secretary of State Dean Acheson was to confer today with Kenneth Younger, British minister of state and delegation leader, and other delegates, on this and related problems.

Informed diplomats said Younger may urge Acheson to agree that "reasonable" debate on the rules must be permitted to prevent any appearance of Anglo-American steamrolling.

President Truman was due from Washington by plane at 3:30 p.m. (5:30 p.m. E.S.T.) today. He is to deliver a five-minute Treasury Bond Rally speech at 7:55

p.m. (9:55 p.m. E.S.T.) tonight.

Other developments:  
1. Acheson, Ambassador John Foster Dulles and other top U. S. delegation officials conferred with Japanese Premier Shigeru Hoshida last evening. They discussed the signing of an American-Japanese security pact which they long have planned to conclude after the signing of the peace treaty. The pact would provide for keeping American troops in Japan after the occupation ends.

2. Acheson, Australian Ambassador Percy Spender and Sir Carl Berendsen, New Zealand's envoy to the United States, signed late Saturday a three-power mutual defense treaty. It extends America's already great security commitments into the southwest Pacific.

3. The State Department in Washington predicted that in spite of expected Soviet opposition the treaty will be signed "in a matter of days."

**Expects Rough Going**  
4. Acheson, at an official dinner Saturday night, predicted rough going and broadly hinted that he will rely on Australia's Spender to help make the conference successful.

Acheson is expected to be elected chairman and Spender deputy chairman, with the task of presiding over sessions in which the United States and Russia clash head-on.

5. The possibility that difficulties for the United States will arise from delegations other than that of Russia grew with the arrival of Dutch Foreign Minister D. U. Stikker. He said he would demand compensation from Japan for more than 100,000 Dutchmen imprisoned in World War II and call for restrictions on Japanese fishing. Several nations may press for reparations from Japan.

## SERVICE HELD FOR FOUNDER OF EMMITSBURG

Emmitsburg's Old Home Week celebration moved into its second week today after a successful four-day beginning. Turtle races and other contests were held at 2 o'clock this afternoon. Another feature was the Penn-Maryland all-star baseball game at 2 o'clock. Pilgrimages to the grave of Mother Seton, Mount St. Mary's college, St. Joseph's college and other points were held.

The carnival will open at 6 o'clock this evening. Entertainment includes a water carnival at 7:30 o'clock and music during the evening by the Emmitsburg band. Tuesday night will feature a beef barbecue by Walter Simpson and music by Gene Hockenberry and his "Knights of the Road." The carnival will be held nightly through Saturday. The home talent show, "Crazy Daze," will be held in the high school Thursday and Friday nights at 8 p.m.

**Parade And Race Winners**  
A bicycle parade, headed by a hillbilly band, was the Saturday afternoon feature, and was witnessed by a crowd of several hundred. Approximately 75 decorated bicycles were entered in the parade. John Crum, son of Mr. and Mrs. J. William Crum, won first prize of \$10 and Miss Arlene Ling, daughter of Mr. and Mrs. Edward Ling, won second prize of \$5.

Twenty-five boys took part in the bicycle race on West Main street, which followed the parade. Two brothers captured the prizes, with Joe Lewis Vanbrankle taking first prize of \$10 and Willie Vanbrankle second prize of \$5.

The attendance at the carnival Saturday night was even larger than on opening night Thursday. The homecoming services in the churches Sunday were exceptionally well attended with many former members of the various congregations present. Refreshments were served to 300 at noon at Elias Evangelical Lutheran church.

**Founder Eulogized**  
A memorial service at the grave of Samuel Emmitt, founder of Emmitsburg, the first ever held, was conducted at 12:30 o'clock Sunday afternoon, in the Presbyterian cemetery on the Gettysburg road. The services opened with greetings by Rev. Charles S. Owen, Rev. Philip Bower gave the invocation and memorial prayer. A wreath was placed on the grave by Rev. Edmund P. Welker, J. L. Nester and M. F. Shuff. Cpl. Thomas J. Frailey gave the memorial address, in which he pointed out that Samuel Emmitt was an Irish immigrant, and father of seven children, Agnes, William, Mary, Abraham, James, Josiah and Abigail.

Two automobiles and a taxicab were involved in two accidents in Gettysburg at 7:10 o'clock Saturday night, according to a borough police report.

Police said a car operated by Ivan M. Bollinger, Gettysburg R. 1, stopped to drive into a parking space in Lincoln Square, and was struck by a taxi operated by William J. Abell, Gettysburg R. 3. Damage to the Bollinger car was estimated at \$25. The taxi was not damaged.

Then Mrs. Mary C. Bollinger got behind the wheel of the Bollinger car and in parking struck the automobile of Frederick R. Plank, Gettysburg R. 3. She caused \$50 more damage to the Bollinger car and \$10 to the Plank automobile.

**Truck, Car Collide**  
An automobile operated by Glenn L. Starnes, Gettysburg R. 1, and a truck driven by Harry M. Kime, Biglerville R. 2, collided on South Washington street opposite the Warner hospital, police said, at 11:20 a.m. Saturday. Damage to the automobile was estimated at \$50 and to the truck at \$5.

An automobile operated by Charles L. Wantz, Jr., Emmitsburg R. 2, failed to make the turn in front of the Jennie Wade home on Baltimore street at 3:30 a.m. Sunday, according to another police report, and struck the porch at the home of Donald Scott. Wantz later was fined \$25 and costs by Justice of the Peace Robert P. Snyder on a reckless driving charge.

Lippy, Littlestown R. 1, were united in marriage Saturday evening at 7 o'clock in Christ Evangelical and Reformed church, near Littlestown. The pastor, the Rev. G. The bride, who was given in marriage by her father, was attired in a white nylon tulle taffeta gown, with a fitted bodice, long sleeves, and a full skirt ending in a long train. The bride made her own gown and that of the flower girl. She wore a three quarter length net veil edged in lace to match the gown, which fell from a tiara of seed pearls. She carried a white Bible, topped with an orchid, from which fell streamers of white ribbons and rosebuds. The Bible was a gift of her mother. Her only jewelry was a string of pearls, a gift of the groom. The matron of honor wore a Nile green taffeta gown and a halo of spring flowers as a headdress. She carried a colonial bouquet of spring flowers.

The bridegrooms wore blue taffeta and yellow taffeta, fashioned on the same lines, both with net overskirts of the same color as the gowns. Tokyo, Sept. 3 (AP)—Three United Nations armistice negotiators flew from Korea to Tokyo today as Allied headquarters said Reds "may be deliberately" delaying Korean war truce talks "to blackmail the rest of the world" at the Japanese peace conference in San Francisco.

Vice Adm. C. Turner Joy, senior U. N. representative, and two other members of the five-man Allied cease-fire team — Lt. Gen. L. C. Craigie and Rear Arm. Arleigh Burke — arrived by plane at 7:30 p.m. (4:30 a.m. EST).

Presumably they will confer with the United Nations commander, Gen. Matthew B. Ridgway, on the stalled negotiations at Kaesong, Korea.

## Second Tokyo Visit

A source close to Joy said the admiral went immediately to his home here.

The source added: "Usually Joy goes right into conference with Ridgway but he didn't do it tonight. He went straight home."

It was the second time Joy has come to Tokyo since the Reds suspended the talks Aug. 23. On his previous visit he conferred at length with Ridg

Rain was reported during the early hours Monday in the New England states, and scattered showers fell on Nebraska and Kansas. But the weather was generally fair from the Rockies westward, and in Texas, the Gulf states, the northern plains and the upper Mississippi valley.

In Miami, a growing hurricane, the fourth of the season, was reported heading westward from the Caribbean sea. The San Juan Puerto Rico, weather Bureau said the storm, which formed yesterday in the same general area that spawned the hurricane that killed almost 200 persons last month, was located today about 225 miles south of Cabo Rojo, P. Winds near the center of the tropical twister were estimated at 100 miles an hour while gale winds extended about 100 miles to the north. No land areas are in immediate danger.

### CORNY STORY

New York (AP)—It takes only 52  
kernels of seed corn per capita in  
the U. S. to grow the more than 2-  
340,000,000 pounds of corn needed  
each year to meet the country's  
nearly insatiable appetite for canned  
and frozen varieties of the vegetable.  
Thus, the American Can company  
noted, is almost four times the crop  
of sweet corn grown for canning 50  
years ago when it started in busi-  
ness.

## GIANTS AGAIN WITHIN FIVE GAMES OF TOP

By JOE REICHLER  
(Associated Press Sports Writer)

Maybe the Brooklyn Dodgers aren't panicky. Maybe they're not even a teeny bit worried, as some of them would have you believe. But the spectacular surge of the New York Giants is wearing their tempers thin.

Smarting under another lacing by the Giants, the cranky Dodgers carried on like naughty brats yesterday as they bowed, 11-2, and watched their once tremendous 13½ game bulge shrink to five games over their bitter interborough rivals.

Unable to cope with the swift shoots of big Jim Hearn, the Dodgers turned their tempers on Umpire Al Barlick in their frustration.

**Indians Edge up**  
As a result, the plate arbiter evicted five Dodgers. The rest of the Dodgers bench was cleared by Manager Charlie Dressen. All were ordered to the dressing room located in deep center field. Later Dressen summoned two of the Dodgers to pinch hit and the umpires fretted and fumed as they were being held up while the pinch hitters made the long walk to the plate.

Elsewhere, Cleveland's Indians took advantage of the Yankees' washout, whipping the St. Louis Browns, 5-1, and cutting New York's first-place margin in the American league to a half game. Rain wiped out the scheduled doubleheader between the Boston Red Sox and Philadelphia Athletics as well as the Yankee-Washington contest.

**Virgil Trucks** won a brilliant hurling duel from Billy Pierce as Detroit blanked the Chicago White Sox, 1-0.

**Swap Shutouts**  
Kenny Raffensberger, veteran Cincinnati southpaw, hurled a one-hitter — an infield single by Eddie Mikis — as the Reds and Chicago Cubs swapped shutouts. Raffensberger won the opener, 7-0. Bob Rush pitched a 4-0, four-hitter for the Cubs in the nightcap.

Stan Musial hammered his 31st homer and two singles to lead the St. Louis Cardinals to a 6-1 victory over the Pittsburgh Pirates. Philadelphia's Phillies got five unearned runs to whip the Boston Braves, 5-3, in a game cut to six innings by rain.

While Hearn was handcuffing the Dodgers with six hits for his 14th mound triumph, the Giants were blasting Don Newcombe and Phil Haugstad for 13 blows, including a homer by Bobby Thomson and two by Don Mueller.

**Mueller Turns Slugger**  
Mueller, the slap hitter turned slugger, smashed home runs in his last two times at bat to make it five in two consecutive games. That tied a record made by four others — Cap Anson, Ty Cobb, Tony Lazzeri and Ralph Kiner.

Don also batted in five runs to give him 10 for two games. His first homer came with two on in the sixth and climaxed a four-run rally off Newcombe. The second blow came in the eighth just after he received word that his wife had given birth to a six-pound boy, Mueller's first offspring.

Behind 3-1 in the fourth, the Dodgers began heckling Barlick. The umpire finally ordered Ralph Branca and Dick Williams off the bench.

**5th Straight Over Dodgers**  
After getting the side out in the sixth, Newcombe went back to the bench and tossed a catcher's mask out on the field. Earlier he had questioned several calls on pitches to Eddie Stanky. He was banished by Barlick. When Jackie Robinson and Clem Labine, a rookie pitcher, took up Newcombe's cause, they, too, got the thumb.

In a gesture of disgust, Dressen then cleared the remainder of his bench and ordered the players into the clubhouse.

Newcombe, trying for his 18th win, was charged with his eighth loss. It was the Giants' fifth straight victory over Brooklyn and their 19th in the last 21 games.

Cleveland emerged from its hitting slump, belting three homers in a row in the third inning to hand Ned Graver his 10th defeat. Mike Garcia had a shutout until the ninth and racked up his 18th victory against ten defeats. Harry Simpson, Al Rosen and Luke Easter hit the successive homers.

**Racing**

**Chicago—Oh Leo** (\$16.60) stepped six furlongs in 1:10 1/5 to beat Hill Gail by two and one-half lengths in \$73,835 Washington Park Futurity.

## Interstate League

(By The Associated Press)  
The Hagerstown Braves today had their second Interstate league championship safely nailed to the staff.

The championship was decided yesterday as Hagerstown defeated York, 1-0, behind the six-hit pitching of Dick Carmichael, while second-place Allentown was rained out of a doubleheader at Lancaster.

The Braves, who won their first flag in 1942, hold a three-game edge going into the final day, one more than needed to assure them of the title.

The league completes its 1951 season today with all teams scheduled to play doubleheaders.

The Sunbury Giants assured themselves of at least a tie for fourth place in the final standings and a slot in the post-season play-offs for the President's cup by defeating the Harrisburg Senators, 4-2, in the only other game played yesterday. Salisbury and Wilmington also were halted by rain.

Lancaster, in fifth place, is two games behind the Giants and could create a four-place play-off by beating the Giants twice if Sunbury dropped its doubleheader to Harrisburg.

Today's schedule (all doubleheaders): Sunbury at Harrisburg, Hagerstown at York, Wilmington at Salisbury and Lancaster at Allentown.

## Sports Roundup

By HUGH FULLERTON, JR.  
New York, Sept. 3 (AP) — After sober reflection, we've decided the NCAA council is being unfair to football coaches in its 12-point plan program for sensible college athletics. . . . Limit financial aid, recruiting and "excessive entertainment."

Okay, the coaches wouldn't squawk as long as everyone gets the same treatment; forbid cheating on such rules. Okay again; it would just arouse a few suspicions. . . . In-sist that athletes study. . . . But cut out spring and out-of-season practice—never! . . . We never saw a successful football coach who wasn't a perfectionist, who didn't feel that he didn't have nearly enough time to teach reverse body blocks, pulling techniques, line quarterbacking, spinning, spacing, shooting, etc., etc.

The chemistry prof., for instance, isn't given a limit on how much time his pupils can study. . . . He can hand out homework with a free hand; tell the boys to study on vacations or during the summer and, if necessary, flunk 'em and bring them back for another year without making them ineligible for chemistry. . . . And after perusing Charlie Caldwell's "modern single wing football" and expositions of the "T" formation by Don Faurot and Frank Leahy, we'll take the hydrocarbons and esters. They're easier to understand.

**THE O'HORA HORROR**  
Jim O'Hora of the Penn State football coaching staff took a sudden but overwhelming interest in fishing this summer. . . . Maybe it was because there wasn't much else to do up there that hills, but Jim spent nearly every evening during the summer on Centre county's famous trout streams. . . . As the end of the season was drawing near and Jim still hadn't landed a trout, his wife, Betty, decided he ought to have a trophy to show for his efforts. . . . So she proposed mounting Jim's head and hanging it above the O'Hora mantle with the inscription: "In memory of the 1951 fishing season."

**GEORGIE FLORES DIES OF INJURY**  
New York, Sept. 3 (AP) — Boxer Georgie Flores lost his greatest fight early today. The 20-year-old Brooklyn welterweight died at 12:20 a.m. (EST) of a brain injury.

He had been in a coma since Wednesday night, when Roger Donoghue knocked him out in the eighth and final round of their bout in Madison Square Garden.

Flores' 18-year-old wife, Elaine, mother of a month-old son, was at his side when he died. She collapsed after Dr. Peter Gerald announced that Flores was dead. A dozen of Flores' friends—including his manager, Louis Breitbart—were in the waiting room of the hospital when his death was announced.

According to Ring Magazine, boxing's unofficial bible, Flores' death was the 11th in the world this year. Six of these deaths have occurred in American rings.

Flores walked from the Garden ring Wednesday night, apparently unhurt, but collapsed in his dressing room. He never regained consciousness. The stocky, 151-pound fighter was rushed to St. Clare's hospital, and an emergency brain operation to remove a blood clot was performed a few hours later. Another operation was performed on his throat late Saturday afternoon in an effort to aid his breathing, but he failed to rally.

Dr. Gerald said that an autopsy had been ordered by the New York medical examiner, who is investigating the death.

**Pawtucket, R. I.**—Service (\$640) showed the way home in the \$6,000 Newport Stakes at Narragansett Park.

**Forest Hills, N. Y.**—Earl Cochell, San Francisco, suspended indefinitely by U. S. Lawn Tennis Association for ungentlemanly conduct in match against Gardnar Mulloy.

## NATIONAL NET SEMI-FINALS CARDED TODAY

Forest Hills, N. Y., Sept. 3 (AP)—The rained-out semifinals in the National Tennis championships were rescheduled today at the West Side Tennis club with more than usual interest in one of the principal characters — defending champion Art Larsen of San Leandro, Calif.

Larsen meets Frank Sedgman, the big Australian ace, in one of the men's matches and tennis followers are wondering if the champion can make a mid-summer threat come true.

"Wait until the Nationals—I'll be ready then," Larsen warned when he was getting knocked off almost every other week-end. "I'm just in a little slump. I'll show them in the big one."

Now the "big one"—that is, the National—has come down to the round of four and the stringy stylist from the west coast is still in there swinging.

Sedgman offers the big test. The Australian has the so-called "big game"—a terrific service, a killing volley and powerful ground strokes. The 150-pound Larsen is essentially a back-court retriever but is rated one of the smartest court generals in the game.

**Gripped On Seeding**  
Larsen is playing remarkably well and is going about his work in a deadly serious, businesslike manner. He is reported miffed that the Davis Cup committee has given him only secondary consideration and that he was seeded second in this tournament behind Dick Savitt of Orange, N. J.

Savitt, seeking to add the U.S. championship to the Australian and Wimbledon titles he already holds, plays giant-killer Victor Seixas of Philadelphia in the other men's match.

The extra day of rest improved the chances of the top-seeded Savitt, who has been hampered by an infected leg.

He still remains the tournament favorite although Seixas has eliminated Ken McGregor, the Australian No. 2 Davis Cup player, and Herbie Flam, ranked second in the United States, in successive rounds.

The women's semi-finals also are on tap today with top-seeded Doris Hart of Jacksonville, Fla., meeting Maureen Connolly, the 16-year-old whiz from San Diego, Calif., and England's Mrs. Jean Walker-Smith facing Shirley Fry of Akron, Ohio.

**South Penn Baseball League**  
Granite eliminated Bonneville from the playoff picture in the South Penn Baseball league by scoring a 13-9 victory Sunday at Bonneville. The triumph was the second straight in the best of three series.

Wet grounds prevented the Brantstown-Huntertown game being played on the latter's field with the result the contest will be staged next Sunday at Huntertown. Brantstown won the first of the series.

In scoring its victory on Sunday, Granite piled up a 12-0 lead in the first three and one-half frames, and then withstood Bonneville's bid for victory in the sixth when five runs were tabbed. W. Hankey paced the winners with four safeties.

Granite will be idle next Sunday.

Gettysburg, Pa., September 3, 1951

**Out Of The Past**  
From the Files of the Star and Sentinel and The Gettysburg Times  
ONE HUNDRED YEARS AGO

The Welcome To Johnston: The visit of Gov. Johnston to this place on Tuesday, for the purpose of meeting our people, drew forth a most gratifying demonstration of popular regard. The enthusiastic demonstrations of popular feeling which met Governor Johnston at Gettysburg and in the county, gave cheering evidence that all is right in the "Young Guard."

Monday evening was spent at Graefenberg where Messrs. A. R. Stevenson, Esq., Gen. D. Middlecoff and Col. J. D. Paxton, who as a special committee, accompanied by the Gettys Lodge Band and a numerous delegation from this place, received his Excellency. Several speeches were made after a supper was served up in excellent style by Mr. Goodyear.

Next morning at an early hour, the governor started for Gettysburg, and at various points met with handsome tokens of regard. At our friend, Heintzeman's, a party of ladies presented the governor with a beautiful bouquet and greeted him by the waving of handkerchiefs. Similar tokens of regard were observed at Col. Walter's and at Mr. Werner's.

Of the entrance into Gettysburg—the numerous tasteful banners thrown across our principal streets—and the enthusiastic, cordial reception of the governor by the dense mass of people—we shall not speak. He was welcomed in an eloquent address by D. McConaughy, Esq., which was briefly acknowledged by the governor; after which he spent several hours in receiving calls and shaking hands. In the afternoon, he addressed the assembled crowd for better than two hours. ... The governor left town in company with D. M. Smyser, Esq., Hon. James Wilson and J. B. McPherson, Esq. ...

**Married:** On the 28th ult., by the Rev. J. Ziegler, Mr. David C. Rhodes, to Miss Mary Keckler—both of Menallen township.  
On the 2nd inst., by the Rev. B. Keller, Mr. Benjamin Izer, of Liberty township, to Miss Margaret Linn, of Freedom township.  
On the 28th ult., by the Rev. J. Ulrich, Mr. Daniel McCans, to Miss Maria C. Houston—both of this county.

**SEVENTY-FIVE YEARS AGO**

**The Tournament.**—The tournament on the 31st ult., in the Agricultural grounds, for the benefit of the benefit of the Gettysburg Brass Band was a success. The weather was fine and the attendance was large. Promptly at 1:30 o'clock the cavalcade of knights came upon the ground, marshalled by Dr. W. H. O'Neal, Dr. T. T. Tate and Col. Ingerham. The knights presented a handsome appearance in their brilliant costumes. John L. Kendlehart, Esq., delivered the opening address to the contestants. We are unable to hear it on account of the confusion around us. The following knights titled for the \$20 prize and third honor: David Deatrick, Knight of Table Rock; James Eicholtz, Knight of Cumberland; Lewis Ramer, Knights of Ivanhoe; Lewis Ramer, Knight of the Press; Hal Fahnestock, Knight of Princess Harold; M. P. Thomas, Knight of Butler. The knights took the ring of the following number of times out of seven trials:

Knight of Table Rock 4, Ivanhoe 3, the Press 3, Cumberland 3, Harold 2 and Butler 1.  
The Knight of Table Rock was awarded first prize and the three gentlemen who were tie rode off with the following result:  
Press 4, Ivanhoe 3 and Cumberland 2.

In the contest for the \$30 prize and second honor there were four starters, the only additional one being D. W. Ziegler, Knight of Gettysburg. The result of the tilting for the prize was as follows:  
Knights of the Press 3, Ivanhoe 2, Gettysburg 1 and Harold 0.

The Knight of the Press selected Miss King, of Gettysburg, as the "Queen of Love and Beauty," the Knight of Table Rock selected Miss Eicholtz of Cumberland as first

**Today's Talk**  
By GEORGE MATTHEW ADAMS

**THE SERENE MIND**  
How much of the beauty and enjoyment of this world is missed merely because we do not have a serene mind with which to view and appreciate. Little do we realize that we may be among the rich of this world, for there is more wealth planted at our feet than have the richest in material gain.

The serene mind has eyes. It has perception. It is alive to spiritual things. And it spreads warmth like the sun, touching all things. You find this mind dominating in those who love nature, and you sense it in poets. You will find it among the kindly, the selfless, and those with the understanding heart.

What an example of the serene mind was that of Christ. All through His ministry He was emphasizing the value of the serene mind, and in His recorded words He sought to impress His hearers with the importance of it. You will note these words and phrases: "Fear not," "Let not your heart be troubled," "Only believe," and "Have faith—even as a grain of mustard seed."

There are certain people who create serenity of mind in us, because they have that kind of a mind themselves. Nurses with this quality often have a greater influence in healing than pills and doctors, but many a physician has it as well, and they are the ones who bring people back to health again—and quickest!

In the midst of trouble, anxiety and illness the serene mind is one's greatest asset. I often read that little literary treasure, "The Road-mender" by Michael Fairless because of the serenity of mind that she exemplified, even with death facing her as she wrote. Here is a sentence from her little book: "To have faith is to create; to have hope is to call down blessing; to have love is to work miracles."

Every ray of sunshine, every silent flower, and every color in nature, is bathed in serenity. Its influence is always transforming. The serene mind thinks deep.

Tomorrow Mr. Adams will talk on the subject: "The Friendly Hand."

**LABOR**  
Take labor from the field,  
Let idle stand the plough,  
And none a hammer wield,  
And in a month from now  
The soil with weeds will choke  
And not a chimney smoke.

**First in the dreamers' mind**  
The temple spire is planned,  
But once it is designed,  
The workers in a band  
To whom the crafts are known  
Must build it, stone by stone.

**Some must the means provide**  
And some the strength and skill.  
Then, laboring side by side,  
With knowledge and the will,  
From daring enterprise  
Structures of beauty rise.

**Labor all things has made.**  
Since first the world began,  
Hammer and plough and spade  
Have been the tools of man.  
Without all industry,  
Like beasts we'd live and be.

maid of honor and the Knight of Ivanhoe selected Miss Garlach, as second maid of honor, John L. Hill, Esq., delivered a chaste and appropriate coronation address and presented prizes to the lucky contestants. Mr. Heikes was presented with two silver cake dishes, Mr. Deatrick with a silver ice pitcher, Master Ramer with a silver card stand and goblet and Mr. Ziegler with a bouquet holder.

The ball in the evening was enjoyed by all who participated. The success of the tournament was largely owing to the experience and exertions of Mr. J. M. Warner.

McClellan, noted for his horsemanship, should contest with the four lady equestrians. Col. McClellan riding his own horse. Lots were drawn for positions and the Colonel got the third place, being the middle of the track. The colonel came in third—two leading and two following him. Time, 56 seconds—one-half mile. The race was a spirited one of much enjoyed by the spectators.

**MANY TO DIE NEEDLESSLY OVER HOLIDAY**

By HAL BOYLE  
New York, Sept. 3 (AP)—An open letter to a prospective holiday traffic fatality:  
Dear Sir:  
You are probably going to die needlessly today.

You are one of the hundreds who are always ticketed for death during the carnival of carnage, that takes place on American highways during a holiday week-end.

Too bad. You're a nice guy. People like you. Your wife and kids are going to miss you terribly. They will, that is, unless you kill them, too, in the same accident that takes your own life.

Yes, your family will always remember you kindly. Even your son, who will have to go to work instead of college. He won't blame you too much for your moment of carelessness that will cost him the career he wanted.

"Poor dad," he'll say. "He just didn't think."  
And he'll be right. For it is pure carelessness that is going to kill you today.

**Destination Morgue**  
I wonder how it will happen to you? Trying to pass another car on a hill? Speeding around a curve too fast on worn tires? Or will it be faulty brakes? In any case it will be something you could have avoided by using common sense.

Will they find you impaled on your own steering wheel, or hurled limp and lifeless and bleeding into a roadside ditch? You'll be lucky either way. For death will have erased your stupidity as quickly and painlessly as death can. At the hospital they'll simply tie a D.O.A. tag on your body—"Dead on Arrival"—and haul you to a morgue.

But death often isn't that kind to careless people. You may suffer horribly in your shattered car before they get an ambulance to you. And some doctor may work two or three hours on the operating table trying vainly to keep alive the bloody pulp of torn flesh and broken bones that yesterday was you.

Doctors and nurses in the hospitals get to feeling pretty blue on holidays, waiting for the hopeless accident cases that always come. They hate to fight so hard to save a life and then lose it, even a foolish life.

**Accidents Unnecessary**  
The sad thing about it is, of course, that it is all so unnecessary. There is still time to avoid it. But, no, you have a stupid rendezvous with death—and you are going to keep it.

"Gee, it's a wonderful day to be alive," you will say. "I think I'll take the family for a ride."  
So you'll trundle out your bus, load on the wife and kids. And somewhere over the hills, merry miles away, death is waiting for you at the exact spot where you'll get careless.

For years after that the family won't want to ride by that place again.

All your friends will go to your funeral and say what a swell guy you were, and what a shame it is that you are gone.

And nobody will have the courage to put the epitaph on your tombstone that you deserve:  
"Killed by his own damn foolishness."

Sincerely,  
Hal Boyle  
P.S. Think it over, mister. You've still got time.

**DRY FRUITS FOR HOME USE**  
Governmental interference has so completely and disastrously upset and dislocated our commercial dried fruit industry that few housewives can afford to buy and serve dried fruits except as a luxury dish. Too, exportations under the late and unlamented lend-lease and now through our global philanthropy via the so-called Marshall Plan have continued so heavy that most dried fruits are retailing in domestic markets at scarcity prices. If government officials had originally set out to drive these foods entirely from American dining tables, they could have attained but little more than the dubious success they have so assiduously demonstrated to date.

These unsavory facts lead to the practical thought that families of modest means, both urban and rural, should dry ample supplies of fruits to meet their own requirements until another harvest season arrives.

Apples were formerly a popular dried fruit but in recent years they have largely disappeared from our pantries. One of the late varieties suitable for cooking is recommended. Early or sweet varieties are not nearly as satisfactory. Fruit should be ripe but not soft. After apples are washed, peeled and cored, they should be cut into one-fourth-inch rings or in eighths. Sulphuring, if employed properly, will help reduce vitamin losses and prevent darkening. Or the prepared fruit may be steamed 5 to 7 minutes. Many housewives prefer to immerse the peeled and cut apples for 10 minutes in a salt solution (4 teaspoonsful per gallon of water). If artificial heat is used for drying, the starting temperature should be near 130 degrees F. with a gradual increase to 165 degrees and then a reduction to a finishing level of 145.

Cherries should be picked at the just-ripe stage for drying, preferably in the early morning. Stems and pits should be removed from the washed fruit and the pulps drained for an hour before they are spread thin on trays with a starting temperature of 120 degrees. The temperature should not rise about 150 degrees. The juice may be canned or bottled.

Most consumers prefer peaches dried in the skins. For this purpose any good table variety will serve, ripe enough for eating but not soft-ripe. Sulphuring is necessary if darkening is to be avoided. Of course, it is impossible to dry peaches at home and obtain the golden product commercial producers offer. The explanation lies mainly in the fact that special

**Quick Freeze May Speed Flower Seed Germination**

To grow difficult flower seeds does not require any magic skill, but chiefly patience, plus the knowledge of what special environment these seeds require. Seeds want to grow, if you can provide a place where they can do so.

For example, trilliums, hardy phlox, dictamnus, irises, peonies and some lilies prefer to be frozen before they start to grow, and may be sown in a flat, or flower pot, and left outdoors in a sheltered place over winter.

A substitute for this lengthy treatment can be used by any owner of an electric ice box. Take an ice tray from the refrigerator and fill it half full of water. Float a few seeds on the water in each compartment, and freeze it. Then fill the trays completely with water and freeze again. The seeds will then be encased in ice and may be left there several days, and planted when thawed out.

With other slow germinating subjects taking 30 days to a year to start, use the following method:— Fill a flat or the shallow pot which florists call a pan, with potting soil, firm the soil and broadcast the seed then covering lightly and firm again. Place the receptacle in a shaded location where there is free circulation of air. During spring, summer and fall, water often enough to prevent drying out. A mulch of peat moss will help retain moisture. In

winter place in a protected place outdoors and cover with leaves. A place under the eaves of the house on the side away from the prevailing wind is good; or a cold frame may be used. Eventually the seeds will sprout and the seedlings will appear. They should be transplanted when they make true leaves to large flower pots, nursery rows or permanent location.  
Experienced gardeners seldom discard a pan or flat in which slow germinating subjects have been sown until at least a year has been given for the seedlings to appear.  
When moss appears on the surface of the soil in pots and pans, sprinkle fresh earth over it.

The 1951-1952 term at St. Aloysius parochial school will open on Tuesday morning at 8:45 o'clock and, according to custom, the children will attend mass in the church at 8 a.m. Students from the parish attending DeLone Catholic high school, McSherrystown, will begin the fall term there on Tuesday, and the first day will be a full day's schedule. It was announced that soups and sandwiches only will be available at the high school cafeteria the first week. However, the regular lunches will be served the following week.

The Rev. Fr. Edward J. Shanahan, pastor at St. Aloysius, read a pastoral letter at the Sunday morning masses from Bishop George L. Leach, Harrisburg, announcing that the annual offering for the Holy Father will be received at the masses next Sunday morning. It was also announced that the annual Parish Hours devotions in St. Aloysius church will open on Sunday, September 16, with masses at 7:30 and 10 a.m. Sunday, September 9, masses will be at 7:30 and 9:30 a.m. Banns of matrimony were published for the second time at the late mass on Sunday between Miss Rita C. Sneringer, daughter of Mr. and Mrs. William V. Sneringer, East King street, and Leon Riley, son of Mr. and Mrs. James Riley, near town, both members of the parish.

It has been announced that the September meeting of the Ladies Auxiliary to the Alpha Fire company No. 1 will not meet this evening due to the Labor Day holiday, but the meeting has been postponed to the following Monday, September 10, at 8 p.m. at the engine house. Those comprising the entertainment and refreshment committee for the September meeting are Mrs. Kathryn Fleckinger, chairman, Mrs. Carmen Ellick, Mrs. Odette Strevig and Mrs. Ruth Crouse.

The September meeting of the Consistory of St. Mary's Evangelical and Reformed church, Silver Run, will be held on Tuesday evening at 8 o'clock in the church study.

The council of St. Mary's Lutheran church, Silver Run, will hold its monthly meeting on Tuesday evening at 8 o'clock in the church office.

**An Official Visit**  
Rotary District Governor William Becker, York, will pay his official visit to the Littlestown club at the regular weekly meeting on Tuesday evening at 6:15 o'clock, at Schott's hotel, South Queen street.

## SERVICE HELD

(Continued From Page 1)

years ago," Col. Frailey said. "At that time many bands of Indians roamed over Western Maryland. Col. George Washington advised the people to assemble and arm, and the Indians were driven out. Six years later the famous Mason and Dixon line, located only a short distance from the grave of Emmitsburg's founder, was surveyed. When our town was laid out in 1784 the Revolutionary war had been fought and won and Thomas Paine wrote in the last number of his 'American Crisis' that the 'times which try men's souls' were past.

**Survived Tribulations**  
"Having in mind the trials and tribulations of these hardy pioneers, Indian attacks, sickness and a war of some eight years' duration, it is altogether fitting and proper to make this pilgrimage to do homage on the occasion of this 'Homecoming Celebration,' when the sons and daughters of our town return to revisit the scenes of their childhood, and to pay reverential tribute to the founder of Emmitsburg.

"May we so conduct ourselves in God's name that our lives will add luster to the glowing memory of our beloved founder."  
After the singing of one verse of "Rock of Ages," Rev. Fr. Stanley F. Scarff closed the service with the benediction.

**Old Timers Win Game**  
Sunday afternoon the "Old Timers" baseball team defeated the Emmitsburg Braves, 13 to 9. The starting pitcher for the Old Timers was Jim Arnold, who held the opposition to a single run for three innings, before he was relieved by Frank Althoff who tossed for three more innings and was still going strong when he was displaced by V. Topper. Topper hurled two innings, giving way to C. A. Elder for the final 9th.

Catchers for the Old Timers were Chief of Police Koontz, N. Flax and Pat Boyle. Other Old Timers in the lineup were G. Combs, Dr. W. R. Cagle, Leonard Zimmerman, Frank Topper, Tom Hoke, Harold Hoke, Jack Rosensteel, Bernie Boyle, Bill McClellan, R. Yoeman, J. Hollinger, J. Elyer and Sam Hays.

Pitching for the Braves were Vic Kelly and J. Beagle. George McDonnell worked back of the plate for the whole game. Others for the Braves were: Art Damuth, Don Herring, R. Frock, R. Myers, Shoemaker, Sanders, Paul Harner, Bo Cagle, R. Gillelan and Chrismer. Harner was credited with three of the Braves' runs and Frock two with Damuth, Herring and Chrismer one each.

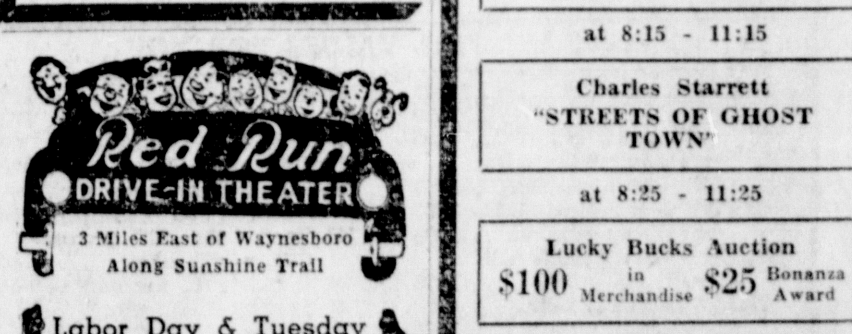

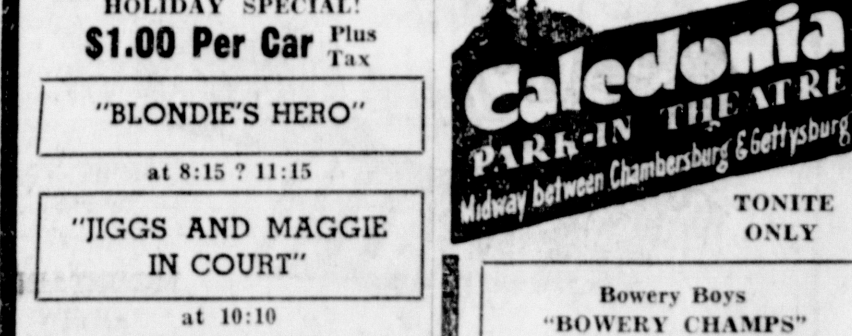

**Returns To Town**  
Old Timer Frank Topper, who was a star of 40 years ago, moved into the VFW apartments from Chicago Saturday night and had worked until 1 a.m. unloading furniture. He held down his old position at shortstop for three innings, scored two runs and had only one error. The collection totaled \$20, of which \$6.75 went for balls for the game. The balance will be added to the Old Home Week fund. Umpires were R. Topper and R. Yoeman.

there on Tuesday, and the first day  
will be a full day's schedule. It was

high school cafeteria the first week.  
However, the regular lunches will be  
served the following week.

should realize by this time, government lending—which in spite of all the efforts at whitewash, is largely dominated by political consideration—is often extremely inflationary.

The Nevada Legislature recently passed and the Governor signed a law outlawing future labor contracts which require prior membership in or the joining of a labor union. In an editorial on this, the Los Angeles Times said: "Either the closed or the union shop gives to labor officials a strangehold on a worker: he must obey their orders or lose his livelihood. In effect it is a peonage or slave system. Only when a man may join a union of his own free will, or leave it when he disagrees with its aims or its methods, can a union be made responsive to the rank and file members."

Is the school which your children and your neighbors' children attend safe from the deadly hazard of fire? And, if fire does strike, have every possible precaution been taken to make sure that those in the building will be quickly evacuated?

These are all important questions, and they can't be casually answered off-hand. Many a supposedly safe school has become the smoldering scene of a ghastly tragedy. Every school should be subjected to a simple fire test which has been suggested by the National Board of Fire Underwriters. It goes like this:

1. Are the stairways protected by fire-resisting enclosures?
2. Are there at least two exits, well separated, on each floor?
3. Are all exit ways clear of obstructions?
4. Is the heating boiler or furnace in a separate, fire-resistive room?
5. Are safe arrangements provided for the disposal of waste paper trash?
6. Are prescribed fire drills practiced regularly?

If your school can answer YES to questions like these, you can breathe easily. If the answer is NO, then look out! Every year fire strikes in more than 2,000 schools—and in many cases death, injury and maiming of children follow. There is no greater community responsibility than making our schools safe—and keeping them safe.

eral of the secretaries on the Russian staff who also swam there. Attorney Brown said one of the secretaries finally became friendly enough to offer Brown a cigarette. "They would merely mention the weather or the temperature of the pool; there were no political conversations," Brown said.

## Gromyko A Poser

Usually the Russians kept to themselves. At entertainments they gave no evidence of response to the entertainment, neither smiling nor applauding. Gromyko, Brown said, "looked like he was posing all the time when out walking or at an entertainment."

In New York harbor Brown was waiting for his car to be unloaded and accidentally came upon a news conference being held by Gromyko. Holding his camera Brown "acted like a newspaperman" and joined the conference, taking pictures and watching the actions of the reporters.

The conference broke up when Gromyko issued a statement and one American reporter shouted, "Hey Gromyko, how about going over that last part again."

The Russian foreign minister scowled at the reporter and walked silently away, Brown said.

## Reception For 275

Prior to the ceremony, Mrs. LeRoy Berwager, church organist, presented a recital. The traditional wedding marches by Wagner and Mendelssohn were used. Mrs. Berwager played "Blest Be The Tie That Binds," and also served as accompanist for the soloist, Chester S. Byers, Littlestown, who sang "I Love You Truly," "Because," and "The Lord's Prayer." The church was decorated with palms and ferns and the altar vases were filled with white gladioli.

approximately 275 guests in attendance. A buffet luncheon was prepared and served by friends of the newlyweds. A five-tier wedding cake, topped with a miniature bride and groom, occupied the center of the bride's table. The cake was baked and given to the couple as a wedding gift, by Mr. and Mrs. Samuel D'Angelo, Baltimore. Other decorations on the bride's table and the gift table included candles, vases of spring flowers and arrangements of pink and white crepe paper. Due to the recent illness of the bridegroom, the wedding trip has been postponed.

Mrs. Lippy attended the Littlestown high school and is now employed by the Windsor Shoe company, Inc., Littlestown. Mr. Lippy is associated with his father in business. The newlyweds will reside at the home of the groom's parents at Littlestown R. 1. On Friday evening, following the wedding rehearsal, the groom's parents entertained the members of the bridal party and their immediate families at their home, near town.
